

COVID-19 Dear Clinician Letter and Updated Elective Surgery Recommendations

Dear Clinician Letter

CMS posted a letter to clinicians that outlines a summary of actions CMS has taken to ensure clinicians have maximum flexibility to reduce unnecessary barriers to providing patient care during the unprecedented outbreak of COVID-19. The summary includes information about telehealth and virtual visits, accelerated and advanced payments, and recent waiver information.

Non-Emergent, Elective Medical Services and Treatment Recommendations

CMS recently updated recommendations to postpone non-essential surgeries and other procedures to conserve critical healthcare resources and limit exposure of patients and staff to COVID-19. Developed in collaboration with medical societies and associations, the recommendations outline a tiered approach for state and local officials, clinicians, and delivery systems to consider to prioritize services and care to those who require emergent or urgent attention to save a life, manage severe disease, or avoid further harms from an underlying condition.
